### (a) Research Experience

I have been pursuing research for the last four year in the area of “Concrete Materials” under the guidance of Prof. Dr. B. R. Phani Kumar. The work is progressing at a satisfactory pace. Many B. Tech and M. Tech projects by research are also taking place through my guidance under his overall supervision at a rapid progress. I have already published six international conference papers along with Prof. Phani Kumar, and will be soon preparing high quality journal papers under his guidance.
