LANGUAGE NEST

I SPEAK,
I ORGANIZE,
I BECOME.

CONTENTS

CONTENTS
SRKREC

Sagi Rama Krishnam Raju Engineering College (SRKREC), established in 1980, is a self-financed academic institution of coeducation striving to provide a high quality technical education to engineering aspirants. Being one of the premier and well-established technical institutions of the country, it continues to render service to the nation and the world at large with its alumni holding highly prestigious positions and making substantial contribution.

ABOUT LANGUAGE NEST

Language nest is an independent
student-driven club
aimed at organizing language and
literary activities to promote leadership
and organizational skills among
students right from their first year of
admission. The club is run by an elected
student body consisting of only
first year member-students.This student
body plans and executes its
activities under the supervision
of an advisory committee headed
by the professor in-charge
Training and Placement Cell.

The club organizes events once every
month besides one annual event
in January. All the events are open
for the students of all the years and
their participation and performance
is recognized with certificates and/or
prize money.

Objective

To promote language and leadership skills among
students by encouraging them to use their creative
prowess.

INTRODUCTION OF THE NEST

On 8th January ,our beloved vice president of our college S.V.Rangaraju garu, our admirable principal Dr.M. Jagapathi Raju garu, and our friendly HOD Of English department B.H.V.N.Lakshmi madam have attended the inauguration of our club the language nest, all our staff of English department made their presence there. The program went on very energetically and memorably, students have sung songs and gave dance performances and some even performed stand up comedy , and some gave dialogue delivery. All that environment gave chills from tip of the toe to top of the head, making the inauguration of our club a grand success. And that success is carried till day in every event and competetion our club has conducted

STAFFING OF THE BODY

You might have doubts about how the body members who belong to the first year did manage the whole association for a whole year and were maintaining it still. And we've followed the very normal procedure of
" BY THE PEOPLE" where all the heads of the body members were elected using voting. That is how our LANGUAGE NEST TEAM LEADERS got elected to their respective positions. The votes were allotted to them according to the voter's belief over the contested member's oath. Voting is done by the body members and Contestants made campaigning videos by addressing all their creative thoughts to lead the association forward which was a huge success and proved all their words by their works.

EVENTS ORGANISED

Gadget Review

Gadget review is one of the online events conducted by our Language Nest team. The event's main objective is to get participants to think about a detailed description of a gadget and to analyze it in a clear-cut review that details positives and negatives. Participants have chosen various gadgets to review.

Current Talk

During the Language Nest's CURRENT TALK event held on March 21st, 2022, each participant was allowed to choose a current trending topic and explain their opinion briefly with a more in-depth explanation. Taking part in this event provides a chance to overcome stage fright.

Know Your Friend

On 21st March 2022, The Language Nest team conducted an event called "KNOW YOUR FRIEND" at the Training and placement cell. Mrs.K.Aruna Kumari Assistant Professor in the Department of English, and Mr.M.Shankar Attending Professor in the Department of English fulfilled the roles of judges. Participants are intended to have a discussion with their friend and learn more about him/her, which ultimately gives them a chance to improve their speaking skills.

News Reporting

The Language Nest team conducted an event called "NEWS REPORTING" where a participant plays the role of reporter and addresses the issue in their own way. The purpose of this is to improve their ability to think over particular aspects of society as well as their speaking abilities.

Problems of Engineering Youth

The Language Nest team organized an event called "PROBLEMS OF ENGINEERING YOUTH" where participants were asked to describe the problems facing by an average engineering student. As the judging is done by a senior professor, it gives the participants the opportunity to provide possible solutions to the problem they addressed, and it helps them improve their communication skills.

Poetry Recitation

In poetry recitation many students participated and brought out thier talent. In this event, students recited not only English poems but also Telugu poems. This event was conducted in online mode. But students confidently and wonderfully recited and made this event successful.
Debate

Debating a question without settling it is better than settling a question without debating it.

Debate's importance is evident from this quotation alone. Language Nest organized a debate competition to develop students' analytical, speaking, and interactive skills. There were 5 topics on which participants could choose 1 to debate. Students' debating skills amazed the judges and participants were extremely satisfied with their performances.

Know Your Guru

Teaching is the profession that teaches all the other professions

On the occasion of teacher's month from 5th September to 5th October, students were given an opportunity to interview their beloved teachers. During the event, both teachers and students were pleased with the interaction. Students were overwhelmed with joy listening to the life stories of their very own teachers. Each of their stories was inspiring and served as a boost to students' confidence..

PHOTOGRAPHY

Photography is an art of teleporting the past into future. Photos are like return tickers for moments that would otherwise be lost. Keeping this in view Language Nest held a photography competition on the 5th of September. A substantial number of students took part actively and showcased their talent in the art of photography. The fantastic works of the students are posted on the Language Nest Instagram handle. Although there was fierce competition among the students. S. Tejo varma and N. Sanjay grabbed the prize for their amazing photographs

Photos are like return tickers for moments that would otherwise be lost.
CULTURAL EVENT

The most awaited grand event of Language Nest was Cultural event held in SRKREC's I block. This event encouraged the young minds to speak out themselves and also to support others. Students from all branches enjoyed the whole event. A cultural event is an event designed for entertainment purpose and also to encourage the young talent of our SRKREC.

New talents of dancing and singing were shown up on the stage. By bringing people together, cultural activities create social solidarity, foster social inclusion, empower communities, build capacity, build trust, civic pride, and tolerance. This was a great experience for all of them. Their performances were amazing and it was a great amusement for the students. Everyone pleased by all the events conducted by Language Nest and wished for many more like these.....

WHAT IS THE USE OF THIS?

Language nest club allows you to explore a language outside of the structure and formality of a classroom sitting. You may feel more comfortable speaking in this environment if there are parts of the language you aren't grasping.

All the events conducted will be very flexible to the students and help them in improvising their creative thinking which is very important to face today's heavy competition in the society.

Language nest Club helps to boost the confidence in students so that they can freely communicate. The good thing about creating a nest is giving chance to students to learn communication with fun and it is also a place for students to improve their English and communication.

This club conducts events every month. There will be various events(around3-4) every epoch. Annually we conduct NOBLE EVENT and ANNUAL EVENT. Cultural events will be conducted every now and then to bring the young talent out of our SRKR students.

PROPOSED EVENTS FOR LANGUAGENEST

- KYC - Know Your Campus - A Video Documentary/ Campus Tour in English.
- KYF – Know Your Senior/Friend
- My Philosophy of Life
- Inspiring Personalities of our Times (from business, politics, sports, arts, social service,etc.)
- My favourite Engineer from 21st century
- Elocution – a talk on a prepared topic in English
- Extempore – a spontaneous talk on given topic
- Controversial Conversations – debates on topics like 'Is Climate Change Real?'
- Reproducing the historic Speeches of accomplished men and women
