## Annual Events 2023-2024

SAGI RAMA KRISHNAM RAJU ENGINEERING COLLEGE  
CHINNA-AMIRAM- BHIMAVARAM-534204

### Convenor's Message

**Prof. BH. V. S. R. K. Raju**  
HOD IT Dept

### Dear CSI Members

It is happy to inform you that the CSI SRKR Chapter conducts various technical and non-technical events and has always been in the forefront in improving the knowledge and confidence level of the students to face any challenges in future.

I am very much pleased to announce you that the national level technical symposium on trends of information technology i.e., TECHFLEET'2K24 has been a grand success. The event is packed with very useful workshop, Hackathon, Paper Presentation, Coding Contest, Quiz Contest, Poster Designing and other events. This TECHFLEET'2K24 is to bring together many students across the state to interact with each other, share knowledge and ideas.

It is a great pleasure this annual newsletter with series of milestones that we have crossed this year.

### Coordinator's Message

Dear CSI Members,

I feel it as a privilege to work as the student coordinator for the CSI executive body 2023-2024. With great dedication and effort, we have tracked many records in this academic year in the technical as well as non-technical areas. Technical events include Hackathon, Student Development Programs, and Weekly Events like Quiz, Software Contests, Coding Contests, Sports and Arts. This student body provides a platform for the students to present their ideas and innovations. This became possible with the immense support from student counsellor and team spirit among the executive body members.

Dr. I. Hemalatha, Professor, IT Dept

### Coordinator's Message

Dear CSI Members,

I am delighted to express my happiness regarding the events carried out by CSI SRKR this year. The thirst of innovations will never end up in this world which provides a highly competitive atmosphere to the students. In order to make the students survive in this global competition, we have conducted various programs to drive the student's intellect towards present trends in the technology. It is my pleasure to be a part of this consortium.

Dr. K. Kishore Raju, Assoc. Prof, IT Dept

## COMPUTER SOCIETY OF INDIA (C.S.I)

"IT for Masses"

The Largest IT Professional Society of India

### WELCOME TO THE COMPUTER SOCIETY OF INDIA

The seed for the Computer Society of India (CSI) was first sown in the year 1965 with a handful of IT enthusiasts who were a computer user group and felt the need to organize their activities. They also wanted to share their knowledge and exchange ideas on what they felt were a fast-emerging sector. Today the CSI takes pride in being the largest and most professionally managed association of and for IT professionals in India. The purposes of the society are scientific and educational directed towards the advancement of the theory and practice of computer science and IT.

In a span of less than 4 decades, the organization has grown to an enviable size of 30,000 strong members consisting of professionals with varied backgrounds including Software developers, Scientists, Academicians, Project Managers, CIO's, CTO's & IT vendors to just name a few. It has spread its branches all over the country. Currently rooted firmly at 62 different locations, CSI has plans of opening many more chapters & activity centres in smaller towns and cities of the country. The idea is to spread the knowledge and provide opportunities to as many interested as possible.

The activities of chapter / Student branches include lecture meetings, seminars, conferences, training programmes and visits to installations.

The mission of the CSI is to facilitate research, knowledge sharing, learning and career enhancement for all categories of IT professionals, while simultaneously inspiring and nurturing new entrants into the industry and helping them to integrate into the IT community.

The CSI is also working closely with other industry associations, government bodies and academia to ensure that the benefits of IT advancement ultimately percolate down to every single citizen of India. CSI events range from guest lecturers to workshops, from conferences to mock tests as well as various competitive events. This all provides students an opportunity to interact with eminent scholars, broaden their knowledge base as well as test their acquired skills. CSI encourages students to put forth their ideas by conducting various activities.

### CSI IT AWARDS

CSI has instituted National IT awards to encourage and promote the spread of IT.

- CSI National IT Awards in three separate categories to recognize "Significant Contributions to the promotion of IT applications."
- These Awards are categorized in Best Software, Best Shrink-Wrapped Software and Best IT Usage: "Best Quality Project in the country", "Young IT Professional Awards" & "E-Governance" Fellowship Awards: The society instituted in the year 1979, the Fellowship Awards to honour distinguished personalities who have served to society.
- Best Student Branch Award
- Best Student Chapter Award
- Best Chapter Newsletter Award
- Anita Khanna Memorial Award: Student standing 1st in Exams
- VandnaGoyla Award: Female candidate scoring highest marks in NSE
- Dr. Virendra Gupta Memorial Award: (Best Student Page Postgraduate)

## Why Be a Member of CSI?

The "Computer Society of India" is a professional body where computer professionals meet to exchange views and information, to learn and share ideas. The wide spectrum of members is committed to the advancement of the theory and practice of Computer Engineering and Technology Systems, Science and Engineering, Information Processing and related Arts and Sciences.

CSI is the oldest and largest organization of IT Professionals in India having 27,000 members and 63 Chapters and more than 200 student Branches across the country exclusively focusing on the interest of the IT Professionals.

## SPECIFIC BENEFITS TO MEMBERS

- Discount on registration fee for all events conducted by CSI
- Discount of 20% on membership of IEEE Computer Society (IEEE-CS)
- Discount of 5% uniformly for purchase of all Zenith products TECHNICAL VALUE ADDITION TO MEMBERS CSI publishes and mails them free of charge to all members.
- A Monthly "CSI Communications" & A Quarterly "CSI Adhyayan"
- Quarterlies: "CSI Digest" & "Computer Science & Informatics"

Besides the activities held at the chapter and student Branches, the society also conducts periodic conferences, seminars at Regional and Divisional levels. CSI members can apply for CICC training courses conducted at Japan as and when the announcement is made. CSI promotes and provides financial support for research work in contemporary areas in IT and Computer Science. Preference is given to CSI members. Members whose papers are selected for presentation in leading Database conferences such as VLDB, ICDE etc. can approach CSI for travel support to attend such conferences.

**Election of Executive Committee 2023-24:**

The students of SRKR Engineering College approached the Student Counsellor of the CSI Chapter of the college, HOD of IT Department Dr. BHVS Rama Krishnam Raju to form an executive body of the CSI-students chapter. He readily agreed the proposal and advised to collect the student interest form to the various positions of the Executive committee. Then the finalization of the positions took place in the presence and supervision of Dr. BHVS Rama Krishnam Raju.

The executive body of the CSI student's chapter was formed and initially met for discussing the activities to be conducted in this academic year. The executive body also conducted membership drive for the students of all academic years of C.S.E and I.T. A power point presentation was given to all the students of both the departments to focus on the benefits of becoming a member of CSI. Several students newly enrolled as the student members of CSI, after which the organizing of activities of student's members started.

**FRESHER'S DAY****Poster for fresher's day**

The **fresher's day** is celebrated on Sep 11<sup>th</sup> 2023. On this day CSI registration process has been conducted in our department. All the first year students have registered on that day followed by a meeting. Head of the Department Dr. Bh. V. S. Rama Krishnam Raju Sir addressed the first year students with his precious words and also final year students shared a few experiences from their engineering life.

DATE : 11-Sep-2023

TIME : 9:00 AM – 5:00 PM.

VENUE : IT SEMINAR HALL.

## FRESHER'S DAY CELEBRATION

The Fresher's Day celebration at SRKR Engineering College was held on September 11th, 2023, marking an enthusiastic beginning for the new batch of students. This special occasion served as an excellent platform for the first-year students to feel welcomed and integrated into the college community.

The event commenced with the CSI registration process, where all first-year students eagerly registered to become members of the Computer Society of India (CSI). This initial step was crucial in introducing them to the plethora of opportunities and resources available through CSI, aiming to enhance their academic and professional journeys.

Following the registration, a formal meeting was held. The Head of the IT Department, Dr. Bh. V. S. Rama Krishnam Raju, delivered an inspiring address to the freshers. In his speech, he emphasized the importance of embracing new learning experiences, staying curious, and actively participating in various technical and non-technical events organized by the department. His words motivated the students to strive for excellence and make the most of their time at SRKR Engineering College.

Additionally, some final-year students shared their personal experiences and memories from their engineering journey. They recounted stories of challenges, achievements, and the invaluable lessons they learned along the way. Their anecdotes provided the newcomers with a glimpse into the exciting and fulfilling life that awaits them over the next few years. The senior students also offered practical advice on how to navigate college life, manage academic responsibilities, and make the best use of the resources and opportunities provided by the college and CSI.

The event concluded with an interactive session where the freshers had the opportunity to ask questions and seek guidance from the faculty and senior students. This session fostered a sense of camaraderie and support among the students, setting a positive tone for their future endeavors.

Overall, the Fresher's Day celebration was a memorable and enriching experience for the first-year students, marking the beginning of a promising academic journey at SRKR Engineering College.

## ROUND 2 :FUNNIVERSE

The fun event is conducted by T. Pujitha, P. Pusha Sri, P. Sai Teja, Laya Maheswari, P. Mounika, and M. Abhishek, who are the Executive Body Members of CSI. This event consists of three sub-rounds:

- 1. Song Decipher:** This round is meant to create interaction among participants. A set of pictures is prepared, and the students have to guess the right song. This encourages participants to think creatively and engage with their peers.
- 2. Rhyme & Reveal:** This lyrical round involves giving English lyrics, and participants must identify the Telugu song and sing at least two lines. This round tests both their language skills and musical knowledge, adding an element of fun to the challenge.
- 3. Triple Tally Challenge:** In this round, participants need to provide the top 5 answers to a given question. The answers are compared, and the top 3 matching answers are scored. This round promotes quick thinking and teamwork, as participants strive to match their answers with those of the organizers.

### Rules:

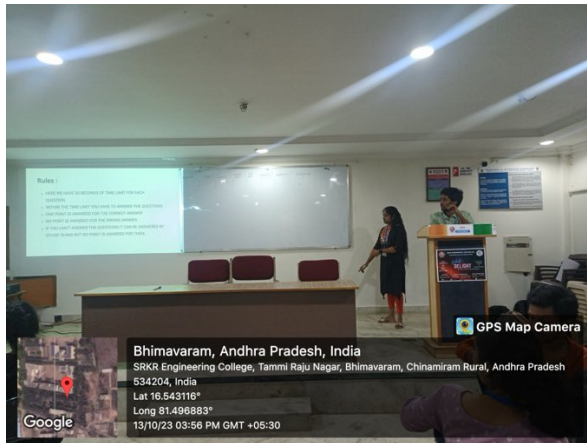

- No passing of questions.
- Guess the answers within the time limit.
- Only a single chance is provided per question.

**DESCRIPTION**

The CSI body of the IT Department at SRKR Engineering College is excited to announce the organization of the "Concours Poster Making Contest," scheduled for October 16, 2023. This creative event is designed to provide a platform for students to showcase their artistic talents and convey powerful messages through visual art.

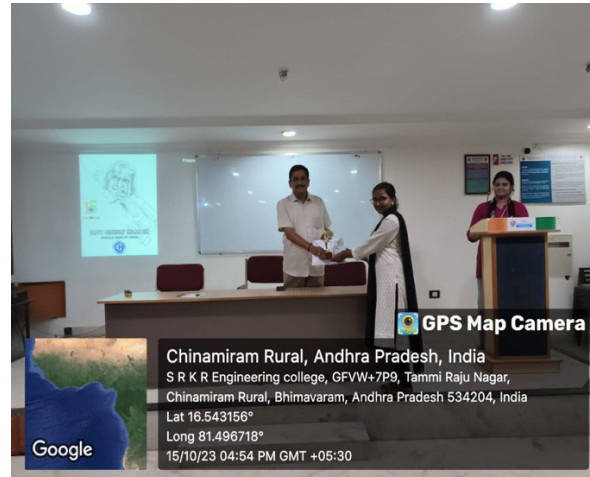

The Concours Poster Making Contest invites students from across the campus to engage in a spirited competition where they can express their ideas, innovations, and reflections on current societal, technological, or environmental issues through the medium of posters. This event aims to blend artistry with advocacy, encouraging participants to think critically and creatively about topics that impact our world.

**CONCLUSION:**

The "Concours Poster Making Contest" promises to be an exciting and enriching event, offering students a unique platform to unleash their creativity and raise awareness about pressing issues. Through their artistic expressions, participants will contribute to meaningful conversations and inspire action within our community. We anticipate a diverse array of entries, each offering a fresh perspective and sparking important dialogue.

The CSI body of the IT Department at SRKR Engineering College is proud to announce the organization of the "Behavioural Transformation Event," scheduled to take place on November 3, 2023. This innovative event is designed to explore and enhance the behavioral competencies and interpersonal skills of students, pivotal for personal and professional success.

The Behavioural Transformation Event aims to provide a platform where students can learn about various aspects of behaviour modification through interactive sessions, workshops, and engaging activities led by experts in psychology, human resources, and leadership development. The event will focus on key areas such as emotional intelligence, communication skills, stress management, and adaptability, which are essential for thriving in today's dynamic and often challenging environments.

**VOICE OF YOUTH**

Poster for the guest lecture

**DESCRIPTION**

The CSI body of the IT Department at SRKR Engineering College is thrilled to present the "Voice of Youth" event, scheduled for September 3, 2023. This initiative is crafted to provide a dynamic platform for students to express their ideas, concerns, and aspirations about the future, fostering a vibrant exchange of perspectives among the youth of our institution.

"Voice of Youth" is more than just an event; it's a forum for empowerment and engagement. Through interactive sessions and open discussions, participants will have the opportunity to voice their thoughts on pressing issues and explore innovative solutions. From the impact of rapidly advancing technology on societal norms to the urgent need for environmental sustainability, the event invites students to delve deep into topics that resonate with their generation.

This inclusive platform encourages students from all backgrounds and disciplines to come together, share their experiences, and contribute to meaningful dialogue. Whether it's advocating for educational reforms, raising awareness about mental health challenges, or discussing strategies for building a more inclusive society, "Voice of Youth" provides a safe space for expression and exploration.

## SUMMARY REPORT:

Throughout the workshop, participants were guided by fellow students who served as instructors, leveraging their expertise and enthusiasm to facilitate engaging sessions. Covering fundamental Python concepts, including basic syntax, data structures, and algorithms, these student instructors ensured a comprehensive understanding of the language.

In addition to interactive coding exercises and real-world examples, participants were equipped with supplementary materials carefully curated by the CSI executive body members. These resources served as invaluable references for continued learning and exploration beyond the workshop.

As the workshop concluded, all participants received E-Certificates to acknowledge their active involvement and successful completion of the program. Presented by their peers serving as instructors, these certificates underscored participants' commitment to enhancing their Python programming skills.

Overall, the Python workshop organized by the CSI SRKR Student Chapter, led by student instructors, proved to be a valuable opportunity for first-year students to gain foundational knowledge and practical skills in Python programming.

## **EVENT DESCRIPTION**

### EL Clasico 2.0: Uniting Through Sports

El Clasico 2.0, organized by the Computer Society of India (CSI) body of the Information Technology (IT) Department at SRKR Engineering College, is set to be an exhilarating sports event, promising to invigorate the campus atmosphere from February 7 to February 10, 2024. This multi-sport tournament is meticulously designed to foster team spirit, healthy competition, and athletic prowess among students from various disciplines, thereby enriching their college experience.

The event features an impressive and diverse lineup of sports, catering to a wide range of interests, skills, and physical capabilities. Participants will have the opportunity to engage in popular team sports such as Cricket, Basketball, Volleyball, and Throwball. Each of these sports requires not only physical endurance but also teamwork, strategic planning, and a deep understanding of the game, pushing students to collaborate effectively and perform under pressure.

For racket sports enthusiasts, El Clasico 2.0 includes Badminton and Table Tennis, which demand precision, agility, and quick reflexes. These sports are ideal for students who enjoy fast-paced, competitive play and who can demonstrate their technical skills and tactical awareness.

In addition to these dynamic games, the event also incorporates skill-focused games like Caroms, Chess, and Tennikoit. Caroms and Chess, in particular, are perfect for those who excel in areas requiring intense focus, strategic thinking, and fine motor skills. Tennikoit, a unique blend of agility and coordination, adds an interesting twist to the tournament. This diverse mix of sports ensures that all participants can find something that suits their interests and abilities, making the event inclusive and engaging for the entire student body.

El Clasico 2.0 is not just about the competition; it is also about the organization and execution of a large-scale event. The CSI body's commitment to this initiative underscores their dedication to promoting a balanced educational environment. This environment is one where academic pursuits are complemented by physical development, enhancing students' interpersonal skills and team dynamics. Such events play a crucial role in the holistic development of students, preparing them for future challenges by instilling values of discipline, perseverance, and cooperation.

The sports event promises four days of spirited competition, camaraderie, and a celebration of sportsmanship. It aims to leave participants with not just trophies but also memorable experiences, new friendships, and valuable lessons in teamwork and perseverance. These experiences are invaluable, as they contribute to personal growth and help in building a strong, vibrant community within the college.

Furthermore, the event is expected to draw significant attention, creating a festive atmosphere on campus. Spectators, including fellow students, faculty members, and alumni, are anticipated to show their support, cheering for their favorite teams and participants. This level of engagement further enhances the sense of community and school spirit.

El Clasico 2.0 is more than just a sports tournament; it is a celebration of talent, determination, and unity. It embodies the spirit of competition and camaraderie, providing a platform for students to showcase their athletic abilities and sportsmanship. By participating in or attending this event, students will not only contribute to their own development but also to the legacy of sports culture at SRKR Engineering College.

Poster for the TECHFLEET 2K24

The Department of Information Technology at S.R.K.R. Engineering College proudly organized its "National Level Conference on Recent Trends of Information Technology" (TECHFLEET 2K24) on February 24th. This prestigious event was not only a platform for academic discussions and technical advancements but also a hub of exhilarating student activities and competitions.

These events provided a perfect blend of education, entertainment, and competition, ensuring an enriching experience for all participants. TECHFLEET 2K24 successfully fostered an environment of learning, innovation, and camaraderie, making it a memorable event for everyone involved.

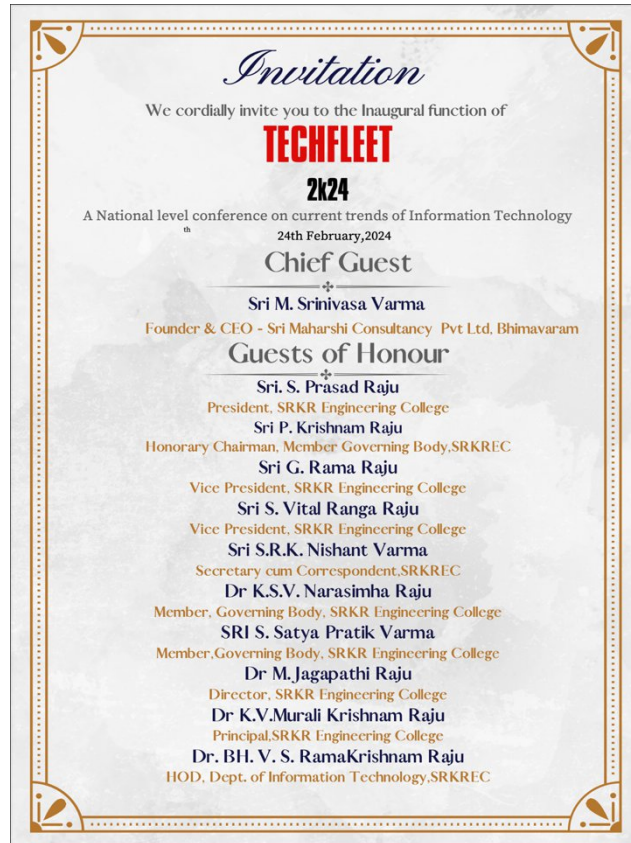

Here is a detailed overview of the diverse and exciting events that took place during TECHFLEET 2K24:

- **Heist Showdown - Laser Tag Game:** Participants geared up for a high-stakes laser tag game where strategy, teamwork, and quick reflexes were essential. Teams navigated through a maze, using laser guns to tag opponents and complete objectives.
- **Artheist Expo - Art Display:** This event turned the spotlight on the creative talents of students, showcasing an array of artwork including digital illustrations, traditional paintings, and innovative sculptures. It provided a platform for artists to express their visions and for spectators to appreciate diverse forms of artistic expression.
- **BGMI and Free Fire Tournament:** Gamers faced off in matches of BGMI and Free Fire, two of the most popular battle royale games. These tournaments tested players' strategic thinking, teamwork with exciting prizes awaiting the champions.
- **The Great Escape - Escape Room Game:** In this immersive experience, teams were locked in a themed room filled with puzzles and riddles. They had to work together, using their problem-solving skills and creativity, to unlock the door and escape within the allotted time.
- **Mindful Maneuvers - Quiz:** This intellectual challenge covered a wide range of topics, from technology and science to general knowledge and current events. Teams competed to answer questions accurately and quickly, aiming to prove their mental acuity and win top honors.
- **Royal Mint Raid - Treasure Hunt:** Participants embarked on a thrilling treasure hunt across the campus. They deciphered cryptic clues, solved riddles, and navigated through various checkpoints to find hidden treasures, combining adventure with brainpower.
- **Loot Layout - PPT Presentation Contest:** Students showcased their research, innovative projects, or business ideas through well-crafted PowerPoint presentations. They were judged on the content, creativity, clarity, and delivery of their presentations, making this event a platform for aspiring presenters and future leaders.
- **Hackers Hideout - Coding Competition:** Coders gathered to tackle challenging programming problems in a high-pressure environment. This event tested their coding skills, logical thinking, and ability to innovate under time constraints, with participants developing algorithms and solutions to complex issues.
- **IPL Auction - Game Based on IPL Cricket Auction:** Mimicking the excitement of the Indian Premier League auction, participants took on the roles of team managers. They strategized, bid for players, and formed their dream cricket teams, balancing budgets and making strategic decisions to create a winning lineup.
- **Professors Plan - Poster Presentation Contest:** Students presented their research findings or innovative ideas in the form of posters. This event encouraged clarity and creativity, as

participants designed informative and visually appealing posters, explaining their concepts to judges and attendees.

<b>Event Description</b>	<b>“The Great Escape” is a non-technical event characterized by teams tasked with solving a predetermined set of questions within a time frame.  The winner is determined based on the team that successfully completes the challenge in the shortest duration.  This event carries an atmosphere of excitement and fear emphasizing team work, critical thinking and time management.</b>
<b>Event Rules</b>	<b>-Teams may consist of anywhere from 1 to 3 members.  -The maximum time limit for each team is 10 min.  -Upon entering the room, a team is presented with an initial question. Success in solving this question grants them access to an object containing another question.  -The sequence persists until the team unravels four questions, ultimately unlocking the key.</b>

## **EVENT DESCRIPTION**

SRKR Engineering College, in collaboration with Brain O Vision Solutions, successfully organized a National Level 5-day Bootcamp and 24-hour Hackathon on MERN Stack Development from the 1st to the 6th of April, 2024. This event, orchestrated by the Department of Information Technology in coordination with the CSI Student Chapter, aimed to enhance students' practical skills and knowledge in MERN Stack Development, a popular technology stack used in modern web development.

The Bootcamp spanned the first four days, during which participants received intensive training on crucial aspects of MERN Stack Development. The curriculum was designed to cover a range of topics from MongoDB, Express.js, React, and Node.js, ensuring a comprehensive understanding of each component. Daily assignments allowed participants to apply the concepts they learned, reinforcing their skills through hands-on practice. Trainers provided equal attention to all teams, offering personalized assistance to resolve any doubts and ensure a thorough grasp of the material.

On the fourth day, a Pre-Hackathon event was conducted. This session provided participants with an opportunity to develop website ideas based on problem statements using the skills acquired over the previous three days. This Pre-Hackathon was especially beneficial for those teams who chose not to participate in the final hackathon, offering them a scaled-down hackathon experience. The trainers evaluated the results of this session, giving valuable feedback and guidance to help refine the projects.

The fifth day marked the commencement of the 24-hour Hackathon, the pinnacle of the event. Each team was challenged to create a unique website design based on a given problem statement, leveraging the full potential of the MERN stack. The atmosphere was electric as participants worked tirelessly to develop innovative solutions, showcasing their creativity and technical prowess. The trainers continued to provide support, ensuring every team had the assistance needed to bring their projects to fruition.

Upon completion of the hackathon, the projects were meticulously evaluated, and the top-performing teams were recognized. Exciting cash prizes were awarded to the top three teams, while all participating teams received certificates of participation, acknowledging their hard work and dedication. This recognition not only celebrated their achievements but also added significant value to their resumes.

The event ensured that every problem statement was taken to completion with guidance, helping participants achieve desired results. The projects developed during the Bootcamp and Hackathon serve as impressive additions to students' resumes, reflecting their capability to undertake and complete real-world projects. Overall, this event provided a rich learning experience, equipping students with practical skills and enhancing their employability in the competitive field of web development.
